### Teacher & Staff Grant Processes | 2022-2023 |

3rd Grade

Will email Caren  
live links

The Trails West PTO philosophy is that the funds raised will benefit a majority percentage of the Trails West student body. Priority is given to K-5 classrooms, Integrated Arts, and special programs at our school and within the Cherry Creek school district. The PTO does not use money generated from fundraising effort for individuals, clubs or activities.

With that philosophy in mind, the PTO will set aside portions of the budget to be used by teachers & staff for the enrichment of the Trails West student experience and curriculum. These budgeted funds will be available in the form of Teacher & Staff Endowments, Grade Level/Integrated Arts Enrichment & PTO Grants.

#### **PTO GRANTS**

The PTO will budget up to \$10,000 for PTO Grants once PTO budgeted TA Funding has been achieved. These are generally larger valued items for "special request." Grant request must be approved by the Principal and approved by a majority vote at a General PTO Grant Approval Meeting.

#### ***Criteria:***

Unlike Teacher & Staff Endowments or Grade Level Enrichment, Grant funds should benefit a majority percentage of the Trails West student body. The expectation for Grant money is that it will be utilized on items or programs that will greatly enhance the learning or community experience at Trails West Elementary. Examples: building, playground, or safety Enhancements, large value PE equipment/art supplies/music instruments, Collaboration room equipment or materials, cafeteria incentives, etc.

#### ***Submission Procedure:***

- When possible, compile 3 Quotes from possible vendors.
- Complete the **Grant Request Form**.
- Submit the completed form & any supporting documentation to the Principal for approval.
- Place the **Approved** form & any supporting documentation in the PTO Treasurer's mailbox by February 15, 2023

#### ***Grant Approval Meeting:***

Principal approved Grant Request Form submission deadline will be February 15, 2023 to allow the PTO to post all requests to the Trails West community for 30 days. The Trails West PTO will hold a General PTO Grant Approval Meeting in April where all Grant Requests will be discussed and voted upon by the Trails West community in attendance.

#### ***Financial Procedure:***

Once a Grant Request is approved by a majority vote:

- Obtain an original Vendor Invoice **OR**
  - Complete the **Reimbursement Form and attach original receipts.**
    - Project: "2022-2023 PTO Grant"
    - Reason: "See Grant Request Form."
  - Place forms and original receipts/invoice in the PTO Treasurer's mailbox.
- \*\*Receipts will not be returned. Payment will be made directly to vendor or a check will be issued directly to you.**

Please email the PTO Treasurer with any questions or concerns, [trailswesttreasurer@gmail.com](mailto:trailswesttreasurer@gmail.com)

Color	Blue
Material	Rubber, Crepe
Number of Items	3
Compatible Material	Paper

#### About this item

- **HIGH PERFORMANCE PAINTERS TAPE : 1.88" x 60yds 3-Pack**, Its specially formulated rubber adhesive system is designed to hold firmly onto multiple surfaces, such as flat, smooth, or lightly textured walls, wood, metal window frames, baseboards, glass, tile, or hardwood floors. It will not dry out or lose its holding power.
- **CLEAN AND SHARP PAINT LINES** : Blue painters tape will help you create a perfect edge in all types of painting, trimming, edging, masking and so on . Great balance of strength, flexibility, durability, and removability. Contains crepe paper backing to prevent paint bleed, yet removes cleanly without damage. You'll always get a perfect edge when you use it to create a border for painting or caulking jobs.
- **SURFACE-SAFE AND RESIDUE-FREE** : Blue Masking Tape guarantees to be used without concern of damaging, peeling, or leaving sticky residues when removing, for up to 14 days after application, or until the paint is dry to the touch before removing the tape. Because of its clean release, it is also used in the flooring industry since it does well to allow clean lines without any paint bleeding through the edges.
- **MULTIPURPOSE PAINTERS TAPE** : Multi-use artist tape perfect for creating sharp, clean lines and narrow edges for a seamless paint design. Painter's Tape is also a must-have for every professional painter and handyman to always keep conveniently handy. The blue painter tape backing is strong but removes easily from the surface in one go without causing surface damage.
- **EASY TO MANAGE, PEEL AND STICK** : Our Blue Painters tape 1.88 inch sports an easy-release adhesive liner and pressure sensitive adhesive, allowing it to unwind from the roll easily. It will only stick once you press it down, sticking only to the intended surface, Empowering the average user with little to no experience in painting and home renovation to finally produce professional-Grade paint jobs that are at par with contractors and professionals.

Portable volleyball standards with a heavy-duty cast iron base keep uprights standing straight for years to come. They come with an upgraded support sleeve and are bolted under the standard to lock the upright in place.

**Stable, Durable Design**

The pole bolts under the base, instead of on the top, allowing for increased stability. An extended stem on the top of this base adds to the stability. Cast iron design adds more weight and makes the bases extremely durable, allowing them to withstand daily institutional use. Several weight options allow you to choose the standard that best fits your needs. A rubber rim is bolted onto the bases and protects floors from scratches and scrapes.

**Easy Portability**

These volleyball game standards allow you to take your volleyball, badminton, tennis, or other games anywhere you wish. Silver, 24" dia bases easily tip and roll on two 5" dia non-marring wheels. Simply place your foot on the included foot placement indicators so you know exactly where to push back to roll the standards. Uprights are 10'H x 3-3/4" dia

QwikClamp Net Attachments quickly and securely clip the included net to the uprights. Base Padding (sold separately) fits snug and features 2" thick bonded foam w/ 16 oz antimicrobial vinyl cover.

**Back Options.** Choose 125 lb, 175 lb, or 200 lb bases with each pack.

**Details**

Say goodbye to sagging nets and wobbly game standards! With Intentus game standards, you have a higher-quality portable volleyball net system that enables reliable, long-lasting play.

**Sturdy Construction**

Many other circular game standards wobble or spin. But these standards have an oval-shaped pole that bolts to the underside of the base, ensuring the upright will not spin or slide during play.

Unique rectangular base provides additional tension and stability to the pole. Made of powder-coated steel, the base will last for long periods of use without cracking or flipping. Weighing 150 lb, no sand or water is needed to keep the base in place. Built-in 6" dia non-marring wheels make it easy to move the standard.

**Convenient Net Adjustment**

Every Intentus standard comes with a 150 lb base, 10'H upright, and 2 QwikFlik collars for instant net height adjustment. The collar's locking arm mechanism provides tension when engaged, unlike other collars on the market, which screw into the pole. The QwikFlik collars simply slide on to the top of the pole. When the correct position is found, simply press the collar's locking arm down to lock it into place. TwistTight Net Attachments are sold separately and use a ratchet-style knob to tighten net. 2" thick vinyl-covered foam base pads and 3/4" thick post padding sold separately.

**System Options**

- **Complete Two-Court Systems.** Include 3 Intentus standards, 2 School/Recreation 32' nets, and 4 Gopher Comp 1000 composite volleyballs.
- **Complete One-Court Systems.** Include a pair of Intentus standards, a School/Recreation 32' net, and 6 Gopher Rainbow Performer rubber volleyballs.

DETAILS

Set up a volleyball, badminton or tennis court with these Alumagoal Heavyweight Volleyball Standards and get a game started right away. Whether players are ready for a volley or rally, you'll be able to quickly adjust the netting on the galvanized tubing to the pre-set heights for volleyball, badminton and tennis matches. Ideal for recreational use in gyms and schools, these standards have heavyweight bases to eliminate the need for

anchoring to the floor. It's easy to change the setup of the game court by moving the standards to different locations with the non-marring wheels that will not mark or cause damage to the floor.

- 2.38 in. powdercoat galvanized tubing and 24 in. steel base resist rusting and stand up to heavy use on community courts
- Pre-set height adjustments allow the standards to be used for both men's and women's volleyball, badminton and tennis matches
- Heavyweight base is stable enough to prevent tipping or falling without having to be anchored to the floor
- Non-marring rubber floor protectors prevent gouges, scratches, marks and other damage to court surfaces
- Wheels on the base make it easy to move the standards to different locations and put them in storage after play

Our top-performing SST Scooter is **Speedier, Safer, and Tougher** than all others!

**Speedier & Safer!**

High-quality casters and ball bearings make this our fastest scooter! The seating area is specifically designed to create more leg room and less board interference for students. As a result, they are able to propel themselves forward or backward faster. Even with a 28% larger seating area than others, SST is still faster than others!

Choose from 3 wheel options:

- Indoor/Outdoor 4" dia urethane inline skate wheels provide the smoothest glide.
- Indoor/Outdoor 3" dia urethane inline skate wheels glide smoothly over any surface.
- Indoor 2-1/2" dia thermoplastic wheels non-marring rubber wheels roll easy on gym floors.

Two enclosed handles prevent pinched fingers during fast rides and also provide riders with a secure grip so they stay safer.

**Tougher!**

A lightweight reinforced ABS-plastic deck makes SST stronger than many other scooter boards on the market. ABS is strong yet flexible, allowing it to absorb impact and not crack. Each scooter is 20-1/2"L x 16"W and supports up to 450 lb.
